

ANMF national Lifeblood members meeting

Sunday 10 September 2023, 10am AEST

Motion

This national meeting of ANMF members in Lifeblood resolves the following:

- We note ANMF reports on EBA negotiations with Lifeblood and that a number of key entitlements remain not agreed to by Lifeblood.
- Members request Lifeblood give full consideration to the concerns raised by each state and territory branch of the ANMF in the interest of good faith bargaining.
- ANMF members are prepared to campaign for improved pay and conditions and reserve our right, where able, to apply for a protected action ballot order and/or authorise ANMF to apply for a bargaining order with the Fair Work Commission, if matters remain unresolved.

Passed unanimously
